Number of Payments:

The total number of payments that you shall make is based on the installment plan you choose for the payment of your license to the seat(s). For each year that you license the seat(s), you may choose to pay for the cost of the seat(s) in either one (1) installment per year, four (4) installments per year, or eight (8) installments per year.

For example, if you have elected to license your seat(s) for three (3) years and you wish to pay in eight (8) installments per year, then, under that installment plan, you will pay a total of twenty-four (24) installments during that three (3) year license. You will do this by paying an installment eight (8) times in each of the three (3) years.

If you choose to pay by installments, your installment plan, and the timing of the payment for each installment, is indicated on the License Fee and Payment Schedule (Appendix A) attached to your license agreement.

Amount of Each Payment: The amount of each payment you shall make is based on: (i) the total license fee for the seat(s) you purchase; and (ii) the installments you have chosen to pay for your seat(s). The number of installments is specified on the license agreement which is provided to you in the process of completing your purchase.
